## 대한민국의 미래를 여는 해양레저시대, 당신이 주인공입니다!

아름다운 해안선, 낭만적인 낙조, 생명이 살아있는 개펄, 신비로운 바닷길이 열리는 곳, 경기도 화성시 전국항과 안산시 탄도항에서 열리는 <2009 경기국 제보트쇼(Korea International Boat Show)> 참가를 환영합니다.

대한민국은 3면이 바다로 둘러싸인 해양국가입니다. 해양 선진국이 될 천혜의 자연조건을 갖추고 있습니다. 우리는 바다와 물길을 통해 세계로, 미래로 나아가야 합니다. 바다를 활용하는 나라가 21세기 세계의 중심에 설 것이며, 바다로 가는 기업이 성공할 것입니다. 바다는 신성장동력의 메카입니다. 세계적인 경제위기에도 불구하고, 이번 보트쇼에 세계 21개국 483개의 관련 업체가 참가한 것은 해양레저 및 관련 산업의 밝은 미래를 보여 줍니다.

국내외 참가업체 및 해양산업 종사자 여러분!

경기도 서해안은 아름다운 자연경관과 더불어 세계 최고 수준의 첨단기술을 자랑하는 자동차, IT, 전자산업 등이 어우러진 뛰어난 산업인프라를 갖추고 있습니다. 또한 세계 최대시장 중국과 근접해 있으며, 공항, 항만, 물류 등이 풍부한 동북아시아의 지중해입니다. 경기도는 187만 m 규모의 해양복합산업단지, 1,733규모의 국제적 마리나 항구, 해양레저와 생태 체험, 테마관광이 어우러진 선감해양체험관광지구, 유니버설 스튜디오를 만들거나 조성할 계획입니다. 서해안은 해양레저 및 관련 산업의 허브가 될 것입니다.

참가업체 및 해양산업 종사자 여러분!

약동하는 동북아시아의 중심, 환황해경제권의 한복판 서해에서 미래를 설계하십시오. 2009 경기국제보트쇼는 바다를 통해 여는 미래의 출발점입니다. 전시회에 참여하신 기업 모두에게 좋은 성과가 있기를 바라며, 여러분의 행운과 건투를 기원합니다.

감사합니다.

2009년 6월 경기도지사 **김 문 수**

## In the leisure marine era that opens the future of Korea, you are the major players!

Welcome to KIBS (Korea International Boat Show) 2009, which is held at Jeongok harbor in Hwasung city and Tando harbor in Ansan city, Gyeonggi province. These harbors are well known for their beautiful coastlines, romantic sunset, mud flats with various sea creatures, and a pathway in the sea revealed when the sea divides into two.

Korea is a marine nation as it is surrounded by water on three sides, which means it has a perfect natural condition to be an advanced nation in the marine industry. We need to go towards the world and the future through the sea and waterways.

A country that taps on the ocean will become the center of the world in the 21st century and a company that moves towards it will succeed since it is a mecca of new growth engine. Presence of 438 companies from 21 countries in the world at KIBS despite the global economic crisis is a testimony to a bright future of the leisure marine industry and the related industries.

Domestic and foreign exhibitors and people working in the marine industry

Western coast of Gyeonggi province has superior industrial infrastructure which clusters IT, electronic, and automotive companies with world's top-class state-of-the-art technologies. On top of that, it has geographical proximity to China, the world's largest market, and is a Mediterranean Sea of Northeast Asia with good conditions for logistics with its airport and harbors.

Gyeonggi Province has a plan to create a marine industrial complex, size of 1.87 m2, Seongam Marine Tourism Zone that has the leisure marine and ecological experience zones, and theme tourism section and build an international marina with 1,733 berths and a universal studio. When it is done, the west coast will be a hub of the leisure marine and related industries.

Dear exhibitors and people from the marine industry

Plan your future in the west coast, the center of Pan-Yellow Sea Economic Zone and Northeast Asia. KIBS 2009 will be a starting point that opens the future through the sea. I wish all the exhibiting companies good results. Good luck to all of you. Thank you very much.

June 2009 Governor of Gyeonggi Province **Kim Moon-soo**

# Introduction

## ‘2009 경기 국제 보트쇼’ 에 바다를 사랑하는 여러분을 초대합니다

경기도는 해양레저 붐 조성을 통한 대한민국 해양인구 확충, 요트 및 보트 등 해양산업과 관련 서비스산업의 비약적 발전을 목표로, 국제적인 해양 축제인 ‘경기 국제 보트쇼’와 ‘코리아 매치컵’을 개최합니다.

경기도 서해안의 빼어난 어항인 전곡항에서 펼쳐지는 ‘2009 경기 국제 보트쇼’는 해양레저산업의 새로운 소비시장으로 급부상하고 있는 대한민국과 인근 중국 및 일본 등 동북아시아 지역을 아우르는 아시아 최대의 해양 페스티벌입니다.

행사의 성공적 개최를 위해 경기도 및 대한민국 정부는 참여업체의 수속 및 체류, 시설 등 모든 면에 있어 최대한 지원을 아끼지 않을 것이며, 다채로운 이벤트 등 콘텐츠 개발로 ‘재미있고 유익한 축제’를 개최해 관람객 유치에 만전을 기할 것입니다.

또한 국내외 우수 언론을 통한 홍보활동 강화, 구매·판매 및 투자 상담, 세미나 행사 지원 등 모든 면에서 최선의 노력을 다해 여러분의 비즈니스를 도울 것입니다.

꿈과 희망으로 가득한 21세기 신 해양시대를 앞서서 열어갈 바다를 사랑하는 여러분의 적극적인 참여를 기다립니다.

경기도가 여러분의 힘찬 항해를 돕는 부분 뜻이 되겠습니다.

# Introduction

## We invite you, our sea-loving friends, to the Korea International Boat Show 2009

As part of Gyeonggi Maritime Festival 2009, Gyeonggi Province is proud to host the second Korea International Boat Show and the Korea Match Cup in the natural splendor of its dynamic West Coast.

Through these events, the province aims to foster the growth of the maritime leisure industry within the Republic of Korea, Northeast Asia and throughout the world.

Korea International Boat Show 2009, to be held at Gyeonggi province's beautiful Jeongok Marina, will be one of the largest marine festivals of its kind in Asia and will center to the rapidly emerging consumer base in Korea as well as nearby China and Japan.

To ensure the successful events, Gyeonggi Province and the Korea central government offer a range of support to participating companies including the provision of accommodation.

Moreover, the organizers will do their utmost to provide all necessary support for media coverage, sales and business consultations.

The West Coast of Gyeonggi Province awaits you!

## Korea International Boat Show 2009

■ Period : June 3rd - 7th, 2009

■ Hours : 10:00 to 19:00

■ Site : Jeongok Marina, Hwaseong City, Gyeonggi Province

■ Events : Exhibition of Boat and marine-related equipment, Marine leisure conference, Experience events

### Exhibition on Land

■ Indoor Exhibition hall equipped with 9,400 TFS (Tensioned Fabric Structure) tent and Outdoor Exhibition Area(6,525 ) adjacent to the main hall will display boats, equipment, accessories, clothing and related marine goods.

### Activity & fun program

■ With the theme of Boating life style, we provide opportunities for the public to try boating experiences and other experiential events. Also the new marina will display boats afloat and will be the base for demonstrations on the water.

### Conference and business to business

■ One of our main goals in this Boat Show is creating business arena for exhibitors in an effort to revive the fortunes of sagging boat industry. To reap such an important fruit, we provide not only well equipped business center available for exhibitors but also Business conference program.

### Festival

■ Continuous program that will include on water displays, cultural activities, concerts, fireworks, competitions and special events for families. You can verify more specific information by visiting festival on our website.

## KOLON GLOTECH

코오롱글로벌텍(주)

### 회사 소개

코오롱마린은 "마린 레저 서비스의 새로운 개척자" 라는 슬로건으로 선진 요트 문화의 도입과 국내 요트 대중화에 기여하고자 합니다. 프리미엄 제품에서 합리적 가격의 요트와 보트까지 고객이 더욱 편리하고 합리적인 가격으로 다양한 수상레저 기구를 선택할 수 있도록 하며 차별화된 맞춤형 요트 구매 컨설팅 서비스 및 트레이닝 프로그램, 1대 1 A/S 서비스 등 구매에서 관리까지 일원화된 서비스를 제공합니다. 최고의 서비스를 지향하는 코오롱마린의 차별화된 프리미엄 프라이빗 서비스는 최고의 고객에게 새로운 라이프스타일을 선사할 것입니다.

### COMPANY INTRODUCTION

Kolon Glotech[from "Global&Technology"] aims to become a "great company" through sustained growth and high profitability. Management seeks to achieve the competitive strength and revenue generating capability to be recognized as a major world player, to earn customer trust and to instill pride in employees. Moreover, operational transparency is a priority for raising corporate value.

Kolon Glotech has played an important role in the development of the Korean automobile market over to past few decades, maintaining the top market share for fabrics used in automobile seats as well as for artificial turf. The company is already the world's third-largest maker of polypropylene fiber fabrics and continues to achieve rapid growth in this segment. Kolon Glotech took over the domestic sales and servicing of imported BMW automobiles and polypropylene fiber fabrics for apparel in 2005.

The company has also expanded into the sports and leisure business with recent acquisitions of the Sporex indoor sports centers, Kolon Hotel(at Gyeongju, Korea) and a golf course as well as Marine Leisure business through partnership with foreign brands. The company has bolstered the organization at the technology research center and increased the R&D budget to accelerate efforts to find future growth engines and develop new products. New sales and production subsidiaries have been established in China and the US to enhance global competitiveness and step up business ties with global firms. Kolon Glotech is leveraging its extensive know-how and competencies to generate new value for customers and emerge as one of the world's truly 'great companies.'

### COMPANY INTRODUCTION

At home in Neodesha, Kansas, we're tirelessly designing and crafting the most innovative, well engineered, and best performing boats imaginable. We're boat fanatics; fanatical about reliable innovation and design; fanatical about quality, the little details, fit and finish. Leveraging over four decades of boat building experience, we enthusiastically challenge ourselves to develop boats that excite boaters and improve their boating experience. We seek out the appropriate balance between hand craftsmanship and technological advances that will deliver the most innovative, well appointed, stylish and best built boats ever. Together, as Cobalt associates and Cobalt dealers, we believe in looking inward to benchmark our progress towards our aspiration. We have never aimed to be the biggest boat company, just the best. And if our actions follow our words, which in turn follow our objectives, we will together be good stewards of what Cobalt stands for. We are Cobalt...welcome to our family.

### COMPANY INTRODUCTION

Building a product of exceptional quality has established Genmar as one of the world's largest manufacturers of recreational boats. Genmar, the marine industry leader in technology, manufacturing innovation and environmental quality, continuously strives to improve its manufacturing techniques and its award-winning technologies like the VEC process (Virtual Engineered Composites) and Roplene roto-molded polyethylene. Genmar products can be found in all 50 states and six continents, and some of its companies have been building boats since the early 1900s. Genmar has earned a leadership role in the boat building industry through innovation, strong management and exceptional service. Genmar is privately held and is not a division of an engine company.

## Lagoon

CEO :  
Tel : 0086-21-54-66-92-58  
Fax :  
E-mail : f.rodriques@beneteau.fr  
Website : www.cata-lagoon.com

### COMPANY INTRODUCTION

Established in 1984, Lagoon was the direct progression of Jeanneau's racing division (Jeanneau Techniques Avancées). Lagoon first made its mark on the racing monohulls and multihulls circuits with Pierre Ier, Fleury Michon, etc., whose winning record remains unbeaten to this day. Lagoon has also responded to one-off requirements such as the construction of the extraordinary trimarans for the movie Waterworld.

Lagoon 55Lagoon, is today part of CNB company of the Bénéteau group (world leader for the construction of pleasure yachts), and now offers a complete and comprehensive range of cruising catamarans designed by the architects Marc Van Peteghem and Vincent Lauriot Prévost, whose achievements on the racing multihulls scene are second to none.

The first generation of catamarans was launched from 1987 to 1996 with the Lagoons 55, 47, 57 and 67: all ocean cruising private yachts. However, the Lagoons 37 and 42 were more suited to the charter market. The production was limited, but it established some strong guidelines by which the brand could be recognized from the outset: the high quality of design and construction with better than average performance.

These are still Lagoon's fundamental values.

### EXHIBIT INTRODUCTION

## Fairline Boats

CEO : Bryan Jones (President, Singapore Branch)  
Tel : 65-6372-2173  
Fax :  
E-mail : bryanjones@fairline.com  
Website : www.fairline.com

### COMPANY INTRODUCTION

The FAIRLINE marque was born of one man's vision and passion for excellence. Jack Newington, the company's founder, was a man committed to the highest ideals of quality and integrity; more than that, he had the rare ability to take his own high standards and values and weave them into the fabric of what was to become the hugely successful enterprise that is the Fairline of today. The company was awarded with The Queen's Award for Enterprise in 2008. Fairline is represented by over 60 dealers in more than 40 countries, every one fully committed to the Fairline brand and creating a strong, cohesive network that stretches right around the world.

## CKMarine Group, Inc (주)씨케이마린

### 브랜드 소개

**BENETEAU** (베네토 세일요트 & 파워보트)  
세계 최고의 요트 브랜드로 알려져 있는 베네토는 지난 100년간 쌓아온 신뢰와 기술을 바탕으로 세일요트와 파워보트를 제조하고 있습니다. 2,500여명의 직원들은 최신 디자인과 혁신적인 제조 공법을 바탕으로 요트와 보트를 만들어내고 있으며 주문순간부터 인도까지 시간을 최소화한 빠른 배송기간과 더불어 고급 요트 브랜드 가치를 업계에 리드하고 있습니다. 베네토는 세일요트와 파워보트라인으로 구성되어 있으며 21ft(7m)~57ft(18.8m)까지 다양한 모델을 갖추고 현재까지 약 42,000대의 요트를 전 세계에 공급해 오고 있습니다. (주)씨케이마린은 2006년 2월 국내 총판권 계약을 시작으로 국내에 베네토 세일요트와 파워보트를 공급하고 있습니다.

**LAGOON** (라군 카타마란)  
1984년 설립된 라군은 베네토 그룹 (Beneteau Group)의 자회사로 카타마란요트 전문 제조 기업입니다. 유럽 특유의 고급스러운 내·외부 디자인과 넓은 실내 공간으로 많은 요트인들 에게 사랑받고 있어 연간 260대 (2006년 기준)의 요트가 고객들에게 판매되었으며 판매량과 함께 최고의 카타마란 제조업체로서 입지를 굳혀 가고 있습니다. (주)씨케이마린은 한국 공식 총판권 체결로 국내에 고급 카타마란 요트를 공급하고 있습니다.

**FAIRLINE** (페어라인 파워요트)  
영국 정통 럭셔리 파워요트로 잘 알려진 페어라인은 최신의 기술력과 스타일리쉬한 디자인을 바탕으로 파워요트시장에서 최고의 자리를 굳건히 지키고 있습니다. 스포츠형 럭셔리 파워요트 Targa, 장기간의 크루징을 위한 Phantom, 세련된 디테일의 파워풀한 파워요트 Squadron라인을 중심으로 38ft(11m)에서 78ft(23m) 개인 주문 형 파워요트까지 다양한 사이즈의 파워요트를 세계시장으로 공급하고 있습니다. (주)씨케이마린과는 2008년 9월 한국 공식 총판권 체결을 시작으로 국내에 대형요트 공급 및 신속한 유지·보수, 요트의 구매 후 라이프 사이클 관리, 대형요트의 재판매 등의 업무를 협력하고 있습니다.

## 회사 소개

미국 Brunswick Group의 계열사로 18ft~37ft급의 요트를 제조하는 미국의 가장 대중적인 요트 브랜드로 알려져 있으며, 바다를 즐기고 인생의 여유를 즐길 수 있는 요트 매니아를 위한 최고의 요트라 할 수 있습니다.

특히 최신기종인 2900SE 스포츠 크루저는 바다 위에서 우아하고도 스피디한 항해를 즐길 수 있으며, 공간 활용과 액티브한 시팅 시스템을 가지고 있습니다. 디자이너의 섬세함이 드러나는 인테리어와 맥섬 시스템은 배안에 머물고 싶은 욕구와 바다로 뛰어들고 싶은 충동 모두를 보장합니다.

## COMPANY INTRODUCTION

Quality that performs

Great acceleration, a smooth ride and precision handling are key for active boaters who want to do it all. That's why we employ cutting-edge technology, source top-quality parts and carefully monitor each step of the construction process. And with our extensive performance testing, you can count on Maxum to be ready for whatever you throw at it.

### 회사 소개

삼영이엔씨는 1978년 창립 이래로 기술력이 취약한 국내 육·해상 전자통신 분야에  
서 끊임없는 연구개발과 투자로 국내 최대의 선박용 전자통신회사로 성장했으며,  
또한 육상·항공·철도·군 통신장비 분야를 개척하여 중국, 러시아, 동남아, 유럽,  
남미 등 명실공히 전세계에 진출하여 세계 최고의 메이저 회사들과 당당히 경쟁하는  
세계 일류회사입니다.

### COMPANY INTRODUCTION

Founded in 1978, for more than 20 years of history, SAMYUNG ENC has been a  
specialized manufacturer of land-based communication equipment and  
maritime navigation, communication equipment and fishing aids.

I am very proud of giving my commitment to continue pursuing for the highest  
technology development and upgrade of our product lines as well. Looking  
back just a couple of decades ago, few could even dream such Korean  
domestic manufacture can supply high quality products with state-of-the-art  
technologies.

Through our continuous efforts on research and development area and quality  
control, finally SAMYUNG ENC has become one of the major manufacturers in  
this market.

### 회사 소개

동진아이엠테크는 1980년 동진공업사로 출발하여, 30년간 플렉시블 임펠러  
펌프(해상진공펌프)제조, 판매 하고 있는 회사로서 해상진공펌프에 대한 상당  
한 경험과 축적된 기술을 보유하고 있습니다. 이러한 기술 바탕으로 해수펌프,  
선박엔진냉각펌프, 플렉시블 임펠러, 해수스트레이너, 여러 제품을 생산하며  
세계의 각국으로 수출(미국, 아시아, 호주, 중동, 유럽) 하고 있습니다.  
최고를 지향하는 장인정신으로 전 세계로 뻗어나가는 글로벌 해상진공펌프  
업체를 이루기 위해 끊임없이 노력하고 있습니다. 앞으로 이에 대한 연구  
개발과 철저한 고객 만족 경영 을 통하여 당당히 세계선두가 될 것을 약속  
드립니다.

### COMPANY INTRODUCTION

For the past twenty five years, Dong Jin International Marine Tech Company (DJ Pump) has  
manufactured engine cooling pumps, electro-magnetic clutch pumps and strainers for  
seawater and fuel systems. Our engineering knowledge, development of new technology and  
many years of manufacturing experience has earned us an excellent reputation of quality and  
reliability. From development of pumps for new applications to vast improvement of existing  
pumps, all of our products are manufactured in our facility to exacting tolerances and  
perfection. Manufactured in house, all DJ Pump impellers can be fitted to most makes and  
models of flexible impeller marine engine cooling, bilge, electronic clutch and multi-purpose  
pumps. They are made of a special rubber improving the quality and extending the impellers  
life without sacrificing any flow characteristics. Our impellers provide increased durability and  
are more abrasion resistant than other leading brands. Sea water strainers traps debris and  
particles from entering pumps inlet to prevent clogging and potential engine damage. Fuel  
strainer/filter traps particles from entering into fuel system preventing potential engine  
damage and malfunction. Clear housing for visual inspection and strainer/filter is quick and  
easy to clean and replace. Oil Exchange Pumps make oil extraction quick, clean and easy.

### 회사 소개

현대 · 기아 투자 사내벤처사인 현대씨즈올(HYUNDAI SEASALL)은 세계 최고 수준의 첨단 전자제어 디젤 엔진 기술력을 바탕으로, 국내 마린 산업 발전의 토대가 될 경량 고성능 전자제어 마린 디젤 엔진의 런칭을 시작했습니다. 첨단 디젤 인보드 엔진의 강력한 파워와 획기적인 연료 소비량, 적극적인 엔진 보호 및 진단 시스템 등 이제까지 경험하지 못한 고품질의 제품과 서비스를 느껴 보십시오.

### COMPANY INTRODUCTION

Hyundai-SeasAll, a corporate venture to Hyundai · Kia Motor Company, has developed and is commercializing marine inboard diesel engines based on high-performance electronically controlled vehicle diesel engines. We are looking forward to seeing you soon with powerful marine engines of excellent fuel efficiency, compact size and light weight and EOI(Engine Operation Indicator).

### 전시품 소개

3.0 리터 첨단 S엔진과 2.0/2.2 리터 D엔진은 현대 · 기아자동차의 우수한 차량용 디젤엔진을 해상용으로 개발하여 다양한 크기의 레저보트 및 어선, 관광선 등에 사용할 수 있도록 보트의 다양한 추진 장치(스텐 드라이브, 워터젯, 축계)를 적용하였습니다.

엔진 정보 표시에는 CAN 정보(엔진 회전수, 전압, 연료 소비율, 냉각수온, 엔진 구동 시간 등) 및 자가 진단 및 고장 코드 표시가 나타납니다.

### EXHIBIT INTRODUCTION

The exhibited 2.0/2.2/3.0 liter marine engines have a power rating from 155 to 240 hp for 22-30 ft recreational and light duty commercial boats. Base engines are one of the world's most advanced and successful diesels used for Hyundai Motor Company's LUV(luxury utility vehicle), Veracruz and Mohave. Propulsion system is sterndrive, shaftdrive, and waterjet. The EOI(Engine Operation Indicator) has a prominent feature that will display CAN information and diagnostic error code.

## 회사 소개

오션스페이스사는 한국과 나아가 전세계에 해상부유식 구조물 및 해양에너지 자원 개발시스템을 개발, 설치하기위한 목적으로 설립된 회사입니다. 우리의 주된 관심은 해상 부유식 마arina 및 레저 시설과 각종 부유식 구조물, 외해 가두리 양식, 해상형 심층수 개발 플랫폼, OTEC 및 조류발전 시스템 등 입니다. 우리 회사는 현재 한국 최초의 부유식 마arina를 설치하기 위해 설계와 시공작업을 활발히 수행하고 있으며 각종 부유식 설비의 핵심기술 개발에도 앞장서고 있습니다. 또한 한국 근해에서의 OTEC과 조류발전 시스템 연구개발에도 적극 참여하고 있습니다.

## COMPANY INTRODUCTION

OCEAN SPACE was established with the aim of developing and installing offshore floating structures both domestically and globally. Our major business areas are offshore floating marinas and leisure facilities, floating structures, the open sea cage aquaculture, offshore deep-sea water development platforms, OTEC and tidal power generation. We very actively perform design and installation work to install the floating marinas firstly in Korea and are leading the effort to develop the core technologies for various kinds of floating facilities. In addition, we invest heavily in the research and development of OTEC and tidal power generation systems at nearshore locations in Korea.

## 전시품 소개

[제품명: 해상 부유식 마arina] 해상 부유식 마arina는 단순한 폰톤 시스템 뿐 아니라 자체 안에 계류된 선박을 보호하는 부방파제와 클럽하우스 및 소매점, 연료저장소와 각종 마arina 지원시설을 구비한 종합 해양 부유식 레저시설이다. 본 시스템은 적절한 해상 공간이 있는 곳이면 어디든 설치가 가능하며, 별도의 방파제 설치가 필요 없는 경제적인 시설이다. 또한 조위에 따라 전체 부유식 시스템이 동시에 승강함으로써 조위 변화와 날씨에 관계없이 항상 정온하며 일정한 항내 계류조건을 가질 수 있다. 본 시스템은 모듈화 설치가 가능하여 장래 시설 확장시에도 필요한 만큼의 시설을 옆에 추가로 얼마든지 덧붙일 수 있으므로 시공이 매우 편리하고 경제적이다.

## EXHIBIT INTRODUCTION

[Product Name: Offshore Floating Marina] The Offshore Floating Marina is not a simple pontoon system but a comprehensive offshore floating leisure facility, equipped with subsidiary breakwater to protect anchored boats and a diverse range of marina support facilities within its structure, including a clubhouse, retail stores, and fuel storage areas. This system is an economical facility that does not require the installation of separate breakwater. It can be installed in any suitable offshore area. In addition, as the whole floating system is elevated according to tidal levels, it can always provide stable conditions for use, regardless of changes in tidal levels and weather. It creates uniform anchoring conditions within the port. This system we have developed provides for convenient and economical installation, and it is available for modular installation, allowing any number of facilities to be added side-by-side as required.

### COMPANY INTRODUCTION

The Kama is a company established in 1988. The boatyard is led by the engineers of aero-hydrodynamics who are the graduates of the Warsaw Technical University. They are qualified sailors as well, that is why our boats are always manufactured to the best of our knowledge and skills. The Kama's specializations are two- and three-person sailboats, 2.4mR Class keelboats and motor boats. All company's boats are author's projects of our engineers. The Kama's boats are designed, tested, developed and manufactured in-house after in-depth R&D programs.

### EXHIBIT INTRODUCTION

The Kama boatyard manufactures GRP-made Delta 2-person and Merlin 3-person sailboats. Moreover we offer the Robinson 3-person sailboat which is wooden do-it-yourself kit for the entrants of sailing, youth, families, schools etc. The Kama offers also Proton keelboat of the 2.4mR Class. All three recreational sailboats manufactured by our company, i.e. Delta, Merlin and Robinson, have been designed both for training and amateur sport. The newest project under way now is the Kama 20 Firefly motor boat with modular cockpit layout.

### COMPANY INTRODUCTION

Bellingham Marine Australia (BMA) is a specialist company in the marina construction industry, using their patented Unifloat® and Unistack® Marina Systems. Over the years, BMA has developed a reputation for integrity, dedication to quality and for fulfilling its commitments.

Bellingham Marine is the leader of marina construction in the world. With a total of more than 1.9 million square meters of marina, if you are standing on a floating dock it is most likely to be a Bellingham. In fact, 2008 was the 50-year anniversary of Bellingham Marine completed their first floating marina using the Unifloat marina system.

Over the last 50 years, Bellingham Marine has continually engaged in research and development to improve and modify their marina systems. The Unifloat® was first introduced to the market in 1958 and is now the industry benchmark. Bellingham Marine's continued development of this system means there is now provision for more services (increased power requirements for tomorrow's boats), more options for marinas, revised gangway design and larger Unifloat® modules.

The company is truly global with 10 manufacturing plants (two in Australasia), 21 offices and eight divisions worldwide. Bellingham Marine Australia manages all the projects in Australia, New Zealand, North and South East Asia, the Middle East and Pacific Rim.

Collectively, Bellingham Marine Australia has 200 years experience in the construction of floating marinas. This expertise and knowledge has meant numerous Australian Marina of the year Award recipients have been constructed by Bellingham. Most recently Bellingham Marine's Unifloat® system has been constructed at Orakei Marina and Marsden Cove in New Zealand. Keppel Bay Marina in Singapore and Marina Adelaide, Royal Hobart Yacht Club, Soldiers Point, Queenscliff Marina and Blue Water Marina in Australia.

### EXHIBIT INTRODUCTION

### COMPANY INTRODUCTION

Delphia Yachts shipyard has existed since 1990. The company was established on the initiative of brothers Piotr and Wojciech Kot. At the beginning of its activity it employed a dozen or so people, and Sportina became its first sailing boat produced.

Delphia Yachts has become a make recognizable all over the world.

By the year, the selling of Delphia yachts is growing. It is a result of a flourishing and dynamically developing dealer network, which extends as far as the USA, Russia, Japan, Australia and even South Africa. For many years the company has been a member of Polish Chamber of Marine Industry and Water Sports.

### EXHIBIT INTRODUCTION

Currently, Delphia Yachts is the biggest sailing boat producer in Poland, employing over 630 workers. In its range of products, the shipyard offers yachts of Delphia 47, 40.2, 37, 33, 29.2, 28, 26 types and 24 One Design - sport type, also boats which are produced under Sportina brand. The sailing boats production oscillates at a level of over 300 boats a year. Additionally, the company produces motor boats of Cortina 480, 555 and 620 types. For many years Delphia Yachts has cooperated with Brunswick Marine In EMEA company (former Marine Power Europe), producing over 2500 motor boats a year. The fast-growing selling of sailing and motor boats, as well as new trade contracts show a great demand for our products. The Western Europe markets make 98% of our company's export.

### COMPANY INTRODUCTION

Headquartered in Poland, in the famous seafaring city of Gdansk, the SUNREEF YACHTS shipyard has all the knowledge and facilities required to build top quality custom made yachts, using the most advanced construction technologies available in the shipbuilding industry. Sunreef Yachts specializes in design, construction and charter of large and luxury catamarans custom made, both sail and power, ranging from 60 to 200 feet. All yachts are designed for Clients seeking luxury, incredible comfort, performance and the most amazing experience.

### EXHIBIT INTRODUCTION

In just a couple of years Sunreef Yachts proved its know-how in the field of naval construction and interior design, which explains its enormous success in the very demanding market of the luxury yacht building industry. Francis Lapp, Sunreef's CEO established Sunreef Yachts in 2000 and revolutionized the yachting world by creating a new product on the market, the custom made large sized luxury catamaran. Since then, the shipyard has launched a wide range of both sail and power yacht models, including superyachts of both advanced composites and aluminium. In order to provide our clients with a professional and extended range of services, Sunreef has created its own charter agency and yacht management department.

### COMPANY INTRODUCTION

The South African boatbuilding industry is represented by the South African Boatbuilders Export Council(SABBEX). SABBEX is a national export council, recognized by Department of Trade Industry of South Africa (the dti), with a key objective to market South African built boats internationally. Its functions are

- Export and trade promotion
- Assistance with exporting and exporter training
- Exploring and tapping into exporting markets

SABBEX is composed of its members like national boatbuilding companies who are already exporting or are interested in exporting. And others are affiliated companies dealing with exporter & boat building companies.

For more information, please visit its web site [www.sabbex.co.za](http://www.sabbex.co.za) or send an e-mail to [info@sabbex.co.za](mailto:info@sabbex.co.za).

South African Embassy in Seoul also deals with trade enquiries on South African boats & yachts. Contact details are [satrade@korea.com](mailto:satrade@korea.com) and [www.southafrica-embassy.or.kr](http://www.southafrica-embassy.or.kr).

### COMPANY INTRODUCTION

Structurmarine designs, manufactures, delivers and installs a series of products dedicated to the leisure and commercial boating industries.

From A to Z, we deliver unparalleled knowledge that allows clients to optimize project investments. From site analysis to complete installation of your marina facilities, our strong and efficient management team collaborates with your appointed professionals and contractors to maintain the highest quality standards in the industry.

Structurmarine's service is a complete turnkey service and is renowned worldwide. Structurmarine's services include: site analysis and optimization, engineering and design work, testing (if required), delivery (of course), construction, installation, anchoring and finishing, down to the last screw head. The firm not only sets advanced marine engineering standards? It continues to raise these benchmarks. Challenging sites, parameter-pushing constraints, ecology. All within the realm of Structurmarine. Every single project built by the Structurmarine team incorporates superior engineering, design and craftsmanship.

The Structurmarine Advantage: Our Expertise. Our edge. This is what set us apart.

Fax : 954-337-0544  
E-mail : boats@proutinternational.com  
Website : www.proutinternational.com

### COMPANY INTRODUCTION

Prout International (www.proutinternational.com) builds the finest luxury yachts in the world. Its Catamaran division, Prout Catamarans, is the world's oldest pre-eminent catamaran builder. Because the yachts are built in the Far East, Prout adds extraordinary value to each yacht. Cutting edge techniques-together with world class fit and finish and the ability of its customers to customize their yachts to their personal taste-distinguish Prout from its competitors.

Prout International sells Factory-Direct yachts, eliminating the 15% - 25% markup that dealers typically add to the boat's price. Prout has eliminated this costly dealer distribution network system by having in-house catamaran professionals who operate globally and will guide and advise you throughout the process of creating the yacht of your dreams from our extensive product line of power and sailing multihulls. You will also receive after sales service and back up factory direct, globally.

### EXHIBIT INTRODUCTION

Come visit our Exhibit at the Korea Boat Show in Hall 3! Prout Yachts are built in China and Thailand where labor is a fraction of the cost of Europe but the quality is equal or better. Using this competitive advantage Prout is able to produce labor intensive, high end touches to its yachts such as: compound curved high tensile safety glass in the saloon windows (versus inexpensive Plexiglas), inlaid woods, marble countertops, to name a few. Because Prout is able to purchase materials from source in the Far East at substantially reduced prices we can afford to deliver top quality Custom yachts at great prices. The re-sale value of Prouts is well protected because the used market is not flooded with inexpensive charter versions that drive the price down, even if the yacht has never been chartered.

### COMPANY INTRODUCTION

The Municipal Party Committee and Government of Zhuhai City considered Yacht industry as one of eight major industrial clusters to prioritize in Zhuhai City, clearly advocate the strategic plan to "seize the initiative and keep on the momentum, build the domestic center of yacht industry", take Pingsha County as the main base, strong focus was put in developing the yacht manufacture and other related industries in Zhuhai City. In October 2008, the Municipal Government of Zhuhai City established in Golden Bay District of Zhuhai City the Pingsha Yacht and Leisure Tourism Zone. The development of Pingsha yacht industry started from 2002, Pingsha now has successfully grown into a yacht manufacturing base enjoying fame not only for being earliest established, but also for being the most premier domestic manufacture base with largest scale and highest industrial density. Now more than 60 manufacture and supporting enterprises located there, formed preliminary industrial agglomeration and gained high reputation as a specialized Industrial Zone, the industry chain continue to extend and the associated industrial facilities are also improving constantly, the country's first professional market of yacht equipment - the Guangdong Southland Trade Center of Yacht and Component had also been founded.

### COMPANY INTRODUCTION

Ningbo Jiada Specialty Metals Ltd. is located in the city of Ningbo, China and began operations in late 2004. Owned and operated by CMP Global (Barbados), the state-of-the-art die cast, foundry, assembly and packaging facility boasts industry leading quality standards and a dedication to exceeding the expectations of its customers.

The rapid expansion of CMP Global's 'International Marine Business' required that the company look to expand their global identification and to increase production capacity. The company decided that China was best suited for future growth thanks to a stable government, a young, motivated and highly skilled workforce. Superior infrastructure and strong cultural ties with Canada helped the company move forward with the 6.5 Million US Dollar investment to build its new manufacturing centre.

The company's primary focus is the manufacture and distribution of marine products for the world's pleasure craft and commercial markets including the "Martyr" brand which is now recognized as the leading brand of die cast zinc, aluminum, and magnesium anodes. Martyr offers a wide variety of sacrificial anodes to satisfy many applications for cathodic protection.

Ningbo JiaDa Specialty Metals Ltd. is ISO-9001:2000 registered. Offering both large and small volume manufacturing, the company is able to provide low-cost, high quality products through its diverse range of manufacturing capabilities.

### COMPANY INTRODUCTION

Zhejiang King-Mazon Machinery Co., Ltd. is a manufactory specialized in pipe/tube processing machineries. In the present, we have successfully developed one of the world's biggest CNC bending machine which can achieve the 2D bending of max. 325mm tube without heat-treat. Multi-axis CNC bending machine has advanced and innovated technology like multi-layer tooling automatically exchange function, intelligent feeding and clamping system, three dimensional simulation display function, concomitant push bending and pull bending function, expert system and so on. Precise pipe end former and pipe fitting former, which have multi-station and tooling auto change function, are able to finish difficult pipe end formation.

Our machineries can meet the requirement of shipbuilding, petrochemical, aircraft, air-conditioner, automobile parts, fitness equipment, sports equipment and fitment industry.

We sincerely welcome visits and inquiries of customer both from home and abroad

### EXHIBIT INTRODUCTION

King-Mazon brand cold bending machine is the most suitable equipment to bend tube for shipyard. It is the first time brings up and builds mathematical model of bend's quality which is influenced by bending radius and bending speed. We researched the strain stress and residual stress which will influence the bend quality while bending; researched cold bend craftwork of bended tuber for shipyard and key technology of control system for heavy tube bender for shipyard; researched tooling's structure, material and key technology of combined tooling. We independent research and develop cold bending tooling to ensure and improve the quality of tube. Big diameter tube auto feeding and angle rotating function, feeding and drawing bending linkage control while bending and 0% ovality cold bend tube could be achieved in our machine. What's more, the ovality, wall thickness reduction and wave amplitude have reach world's leading level. Max. cold bend machine has the capability to bend tube  $\varnothing 325 \times 25\text{mm}$  which is one of world's biggest and most ideal equipment in shipbuilding industrial.

### COMPANY INTRODUCTION

China Zhuhai City Hailong Water Floating Body Research Co., Ltd is a high-tech enterprise that devote itself to research, develop, and manufacture for a brand new "On-the-Water floating industry". We are aimed at: Changing the Ship and boat industry products fundamentally in the past 1000 years, Creating different fast-speeded, energy-saving on-the-water products that never sink or sway, ranging from traditional varies kinds of on-the-water vessels, ships, boats, to on-the-water road, large-scaled platform, even on-the-water city.

Our company has already owned dozens of patent technology for on-the-water body, among which, three patent technology of he International Invention Gold Awards. Now we again create buoyancy electricity-generated equipment that needs no energy and fuel. We believe that by we will definitely contribute to the human's on-the-water industry and create a new era.

### COMPANY INTRODUCTION

Qingdao Matsumoto Shipbuilding Co., Ltd had built 40 boats(TopGun 690CX/850CX) for 2008 Beijing Olympic (Oct 2006). It may prove that the boat is excellent in condition because the International Olympic boat regulation is very tough, we have to pass many test in material, mechanical and boat itself and our boat has been build under strict technical control.

Our boat is designed by Japanese technology and technical control. Every single item that goes on a TOP GUN has been meticulously selected by our Japanese engineers for uncompromising reliability. The highlight of the technology is that the boat used Honey Comb (CoreCell) material. During the preliminary period, a lot of Chinese and foreigners spoke highly of our working boats, some of which are awaiting to be sold. Now we have established our club which is specialized in the bussinesses of repairing and maintainance of boats. We appreciate very much the great support of all friends and professionals, and we will provide our faithful customers with excellent products and perfect after-sales services.

### EXHIBIT INTRODUCTION

Qingdao Matsumoto Shipbuilding Co, Ltd mainly produce FRP boats under 30 meters, ranging from SB600 to SB2000. Aparting from the working boats produced for the 2008 Olympics, we still manufactured "Weather Observation Boat" and "Marine Monitoring Boats". The working boat SB850 is 8.53 meters long, 2.72 meters wide and 2.70 meters high, for 10 maximum persons. The SB 690 is 6.99 meters long, 2.3 meters wide and 2.4 meters high, for maximum 8 persons. The common characteristics of this two types are large fuel tanks, high stability super-life resistance to wind, sheltered navigating area, electronic anchor gear, the large Yanggakdo in favor of the cable, with GPS navigation system, VHF telecommunication system, 2 air chambers. "Weather Observation Boat" is 10.6 meters long, divided into two functional sections: operational section and meteorological observation section. There is an original Suzuki engine, 380 h.p., 670 kilograms weight, on the rear deck of the boat. With this engine the boat can reach the speed of 30 sea miles per hour. On the cab side, there are electronic compass, radar and wireless net system, and the antenna and GPS system will help with the accuracy of the data. Marine Monitoring Boat is mainly specialized in sea monitoring and testing, 17 meters long, 4.5 meters wide, 4.5 meters high and 0.56 meters of draft, 22 persons maximum, and with a loading capacity of 10 tons. The boats are installed with monitoring systems, which can monitor the real-time dynamic movement of the sea and the change of temperature, humidity, azimuth, wind direction and wind speed etc. The boats play an important role in the marine management.

## TRANSPORT 교통편안내

# 해외바이어, 투자가, 참가업체 셔틀버스 운행 계획

## 개요

- 내 용 : 해외바이어, 투자가와 해외 참가업체의 원활한 수송체계 마련
- 기 간 : 6월 1일 ~ 8일 (8일간)
- 운행차량 : 셔틀버스 90여대
- 숙박호텔
  - 수원 : 이비스호텔, 도미인수원, 프린스 호텔, 영통 프라자 호텔
  - 화성 : 라마다동탄 호텔, 라비돌리조트

## 운행 구간

3개 노선운행 (공항리무진 이용 포함) - 공항에 예비차량 배차

### ① 공항리무진 ↔ 수원공항리무진 정류장(호텔캐슬)

지 역	차량 시간표		탑승장	배차간격	소요시간
	첫차	막차			
화성 (라마다동탄)	7:30	21:00	공항 버스탑승장 (7A&7B)	50~90분	120분
동 수원 (이비스호텔, 도미인수원, 프린스호텔, 라비돌리조트)	5:30	22:40		20~30분	80분
서 수원 (영통프라자호텔)	7:30	22:30		60분	90분

### ② 수원 공항리무진 정류장 (호텔캐슬)

↔ 수원 지역 호텔 (이비스 & 프린스 & 도미인) / ↔ 화성 지역 호텔 (라비돌 리조트)

운행일	수원 행			화성 행		
	이비스, 프린스, 도미인			라비돌 리조트		
	첫 차	막 차	배차 간격	첫 차	막 차	배차 간격
6월 1일	8:00	22:00	30 분	8:00	22:00	60 분
6월 2일	8:00	22:00	30 분	8:00	22:00	60 분
6월 3일	8:00	22:00	30 분	8:00	22:00	60 분
6월 4일	8:00	22:00	30 분	8:00	22:00	60 분

\* 영통프라자호텔과 라마다동탄은 공항리무진 정류장이기에 별도의 셔틀이 불필요.

### ③ 수원/화성지역 호텔 ↔ 전곡항 (출근, 퇴근시간)

운행일	수원지역 호텔					화성지역 호텔				
	호텔출발		전곡항출발			호텔출발		전곡항출발		
6월 1일	13:00		13:00			13:00		18:00		
6월 2일	8:30		18:00			8:30		18:00		
6월 3일	8:00	11:00	15:00	18:00	21:00	8:00	11:00	15:00	18:00	21:00
6월 4일	8:00	11:00	15:00	18:00	21:00	8:00	11:00	15:00	18:00	21:00
6월 5일	8:00	11:00	15:00	18:00	21:00	8:00	11:00	15:00	18:00	21:00
6월 6일	8:00	11:00	15:00	18:00	21:00	8:00	11:00	15:00	18:00	21:00
6월 7일	8:30		15:00	18:00	21:00	8:30		15:00	18:00	21:00
6월 8일	9:00		16:00			9:00		6월 1일		

\* 전곡항에서 출발하는 15시 차량은 화성/수원 지역에 호텔들을 순환하는 단일 노선 차량.

### ④ 인천공항 ↔ 수원/화성 지역 호텔 예비 차량

일시	차량 시간표	배차간격	소요시간
6월1일~ 6월 3일	새벽 등 취약 시간대를 대비한 예비 차량	상시	120분

\* 25인승 차량을 기간내 상시 배치하여 비상사태 대비.

# Shuttle Service for Overseas Delegates

## Overview

Shuttle bus service for overseas delegates will be provided during the Boat Show.

- Period : June 1 ~ June 8 (Eight days)
- Number of Shuttle buses : Approximately 90 buses
- Accommodations
  - Suwon City : Dormy Inn, IBIS, Prince hotel, & Youngtong Plaza

## 국내 익스트림 스포츠의 선두주자 EXPS

익스트림파워스포츠는 익스트림레저용품과 레저용 장비들을 국내외 개발 및 수입, 유통하고 있습니다. 또한, 유통뿐만 아니라 멤버쉽형태의 운영으로 각 나라 및 지역에서 원하는 시기에 원하는 레저를 즐기실 수 있는 시스템을 도입, 또한 값비싼 장비구입없이 레저를 즐기실 수 있는 시스템을 구축 운영하고 있습니다.

**각종 강습**  
**레저용품취급**  
**동호회지원**  
**쇼핑몰운영**

수상스키, 제트스키, 스킨스쿠버, 윈드서핑, 웨이크보드, 스키, 스노우보드, 전동익스보드 등  
각종 보드류, 스키, 수상스키용품, 윈드서핑보드, 제트스키, 파워서프, 파워익스보드 등  
체험행사, 동호회운영지원, 각종동호회 행사지원  
익스트림레저용품, 장비, 부품, 튜닝자재, 레저슈트, 의류, 라이프가드용품 등

### EXTREME POWER SURF

#### POWER JET SURF

Model (모델명)	POWER JET SURF
Loa (전장)	246mm
Beam (전폭)	70mm
Engine (엔진)	4 STROKE 4HP, 9.5HP
Weight (중량)	50 KG
Maximum speed	40 Km/h
Passenger	1
Fuel Capacity	7 L

#### POWER JET KAYAK

Model (모델명)	POWER JET KAYAK
Loa (전장)	264mm
Beam (전폭)	72mm
Engine (엔진)	4 STROKE 4HP, 9.5HP
Weight (중량)	58 KG
Maximum speed	40 Km/h
Passenger	1
Fuel Capacity	7 L

#### POWER JET CANOE

Model (모델명)	POWER JET CANOE
Loa (전장)	292mm
Beam (전폭)	72mm
Engine (엔진)	4 STROKE 4HP, 9.5HP
Weight (중량)	63 KG
Maximum speed	40 Km/h
Passenger	1
Fuel Capacity	7 L

# 세계시장에서 당당하게, 완벽을 추구하는 선박엔진

Dae Dong Marine Engine producing under the technical collaboration with Mitsubishi and Hyundai has an excellent durability with a distinguished quality

Dae Dong Marine engine's merits are economical fuel consumption, compact and light weight, minimized vibration high power with high efficiency.  
All accessories such as cooling line, heat exchanger and Large Oil Sump etc, has been developed to ensure anticorrosion, endurance, efficiency and performance.  
Dae Dong will devote continuously to satisfying the customer.

\* Product possible engine 73ps-500ps  
\* Gear Box Rate 4.59

- Power: The most powerful engine among the same range engines
- Durability: High quality to meet the severe circumstances
- Economical: High out-put, Low fuel consumption
- Maintenance: Self-diagnosis function for easy maintenance
- 파워: 동급엔진 최대의 강력함을 실현
- 신뢰성: 혹독한 여건에 대응하는 고품질의 사양
- 경제성: 고효율, 최저 연비 실현
- 정비성: 정비성이 용이한 자가진단기능

지금부터  
**경인 아라뱃길**  
Gyeong-in Waterway  
시대입니다

## 세계로 통하는 새로운 물길!

경인 아라뱃길은 맑은 물이 흐르는 물길만이 아닙니다.  
우리경제를 새롭게 살리는 물길입니다.

국민의 뜻을 모아 새 이름으로 결정된 '경인 아라뱃길'로 불러주시십시오.  
'아라'는 아리랑의 후렴구에서 따온 말로, 경인 아라뱃길은  
21세기 녹색성장의 꿈을 품고 서해와 아리수(한강의 옛이름)를 잇는  
글로벌 명품 뱃길을 의미합니다.
